Dar Mansour – Morocco’s Kitchen (Koh Phangan, Thailand)

INTRODUCTION

Dar Mansour is a hidden gem in the heart of Koh Phangan, where Morocco reveals its full sensory richness.

Our menu offers traditional, soulful home-style Moroccan cuisine — generous, authentic, and infused with the legacy of the Dadas: Morocco’s female culinary masters. Each dish draws from Berber, Andalusian, Jewish, and Saharan traditions.

“More than just a Moroccan restaurant, Dar Mansour is a true invitation to travel.”

“A sanctuary infused with the deep values of Moroccan hospitality.”

“An oasis for nomads, seekers of rare and immersive dining experience.”

Each dish is a tribute to Morocco’s culinary heritage — from fire-cooked tajines and slow-simmered tanjias, to hand-rolled couscous and traditional oven-baked tafarnout bread. Thoughtfully curated for food lovers, conscious travellers, and private diners, Dar Mansour is a rare boutique address where every detail counts: food, decor, art, music, service, — and the soul behind the story.

ARTISTIC DIRECTION & DÉCOR

Art as Identity

Dar Mansour is a living space — an open gallery where contemporary art converses with Morocco’s ancestral soul.

Here, every wall tells a story.

Ghita Benlamlih reimagines cultural icons in bold, colourful collages blending wit and daring: Madonna in Berber dress, Mandela in a red tarbouch...

Kamel Ghabte’s “Echoes of Morocco” explores memory and identity in a digital series where tradition and innovation meet in a powerful visual language.

Evolving exhibitions are underway, with the vision of making Dar Mansour a platform for emerging Moroccan and Thai artists — a space of resonance and cultural exchange.

Artworks are always credited, borrowed with care, and even shown in the restrooms — because art belongs everywhere, especially where you least expect it.

Design as Immersion

The décor — a mix of Moroccan craftsmanship and modern aesthetics — bears the signature of Eden & Beyond, the studio founded by Maija, Dar Mansour’s co-founder.

From the zellige mosaic fountain to textured walls, earthen steps, and design tables turned art pieces — every detail invites you to fully inhabit the space, with all your senses.

Contemporary art meets Moroccan soul, from walls to washrooms.

The ambiance blends heritage and modernity — textured surfaces, handcrafted pieces, and playful design create a unique, intimate atmosphere.

FOOD & WINE PAIRINGS

Dar Mansour is Koh Phangan's only restaurant with a curated wine pairing list designed specifically for Moroccan cuisine. Each wine selected for balance, structure, and its ability to complement the complexity of Moroccan spices and soul of the dishes.

Signature pairing: Reserve Tawny Porto + Berber Lamb Tagine (prunes & almonds)

Other highlights include: - Syrah, Viognier, Sauvignon Blanc, Côtes-du-Rhône, Châteauneuf-du-Pape, Muscadet, Rosé, and Prosecco.

MANSOUR SPIRIT

Dar Mansour is a peaceful oasis, rooted in gratitude for Thai hospitality and cultural dialogue.

Anchored in harmony, respect, and presence — we celebrate slowness, barefoot freedom, and quiet joy.

"A place to savour the beautiful, the good, and the moment"

CO-FOUNDERS & VISION

Dar Mansour is the vision of Maija, a creative soul who lived over 30 years in Morocco, and Bruno, a former entrepreneur in China, who fell in love with the country — and with its creator.

Together, they built a soulful destination where food, art, and warm hospitality meet in perfect balance.
